Team Electrical Sales moved to a new facility in November of 2008. This new building is located at 1545 Clay Street. This move has allowed us to expand our office area to 3,000 square feet. Our Sales Team is supported by high speed internet and our inter-office network.

For many decades, the Metro Detroit electrical market has relied on prompt delivery and/or pick-up access to our manufacturer's local inventory to support their customers' needs. Team Electrical Sales recognizes this and, from its inception, has warehoused local inventory. The move to our new facility has increased our warehouse space to 32,000 square foot, which has allowed Team Electrical Sales to continue being committed to great customer service.
